

FILTAIR™ 130

Issued December 2010 • Index No. AY/3.1

Quick Specs

Industrial Applications

Contractors
Maintenance and Repair Operations
Light Manufacturing and Fabrication

Processes

Stick (SMAW)
Flux Cored (FCAW)
MIG (GMAW)
TIG (GTAW)

Filter Media 16 ft² (1.49 m²)

Nominal Airflow 132 CFM (62 L/sec)

Sound Level 68.5 dBA at 5 ft (1.5 m)

Motor Specifications 1 HP

Input Power 115 VAC/1-Ph/60 Hz at 11 A

Dimensions H: 23 in (584 mm)

W: 12 in (305 mm)

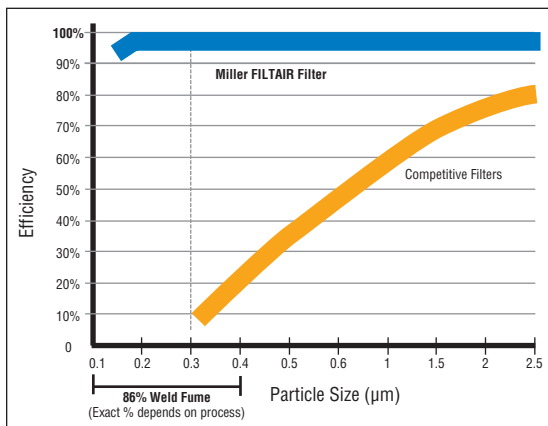

D: 12 in (305 mm)

Weight 46 lb (92 kg)

The Power of Blue.®

The FILTAIR™ 130 weld fume extractor is a portable, high-vacuum system ideal for contractors, MRO, light manufacturing and fabrication shops.

Designed with 132 CFM and a high-efficiency cartridge filter to collect weld fume particles at the source.

High Performance Filter

Highest performing filter in the industry will last longer and capture the smallest submicron (<1 micron) particles. Miller's filter is manually cleanable and the unit features a fume collection tray to minimize maintenance.

Less Noise

One of the quietest portable systems in the industry at 68.5 dBA at 5 ft (1.5 m).

Easy To Use

Adjustable airflow control allows you to change your airflow capacity for different welding applications.

Portability

Compact footprint with castor wheels and handle bar increase portability, allowing operators to maneuver into small spaces or hard to reach areas. Includes 20 ft (6 m) power cord and an 8 ft (2.4 m) collection hose. Optional 17 and 34 ft (5.2 and 10.4 m) collection hoses are available.

Have a qualified person test the air in your facility to determine what equipment is required to provide adequate protection from contaminants.

See accessories for attachment options.

Fume extractor is warranted for 1 year, parts and labor.

Genuine Miller Accessories

Collection Hose

#300 672 17 ft (5.2 m)
#300 673 34 ft (10.4 m)

Flexible Funnel Magnetic Nozzle
#300 668

Slotted Magnetic Nozzle

#300 669 11.8 in (300 mm) width
#300 670 23.6 in (600 mm) width

Bernard® Clean Air Gun™ Series

Ideally suited for almost any heavy-duty MIG welding application. Adjustable vacuum chamber maximizes suction without affecting shielding gas and provides for efficient smoke and fume collection. Available in 400 and 600 A models. To order, contact Bernard® at 1-800-946-2281 or 1-708-946-2281. When ordering gun, be sure to order Bernard gun adaptor.
